1. Claims 1-2 and 4-9 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, lines 2-3, it is not understood what is meant by "objects being arranged"; in what manner are they arranged?

Also in claim 1, line 5, it is not clear what is meant by "stacks to be handled", as the preamble refers to a "handling apparatus for groups of ... objects".

Claim 5, line 1, "at" should be deleted;  
and lines 5 and 8, "up-release" should be --up and release--.

In claim 9, there is no clear antecedent basis for "said pick up or release station" (emphasis added).

2. Claims 1-2 and 4-9 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

3. Claims 12-15 are allowed.

4. Claims 3 and 10-11 remain withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to nonelected species, there being no allowable generic or linking claim. However, since allowable subject matter has been noted in generic claims 1 and 5-8, if these claims are properly amended so as to be in proper form in view of 35 U.S.C. 112, second paragraph, claims 3 and 10-11 would then no longer be

withdrawn. These claims should, however, also be amended to comply with the statute.

In particular, the following indefinite language is noted:

claim 10, it is not clear relative to what “a transverse direction” refers;

claim 11, there is no proper antecedent basis for “said release or unloading station”, it is not understood what is meant by “in that at the and of”, the recitation “designed to be arranged” is vague, and “alignement” is misspelled.

**5. THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

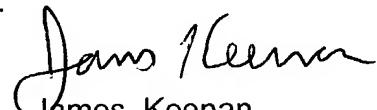

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

**6.** The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
